

# GBC Titan 1264WF

3600242

## Product Description

High quality lamination even for the beginner at a truly affordable price. Versatile and easy to use, the Titan 1264WF laminates and mounts inkjet prints with films up to 63" wide. Built-in sophistication ensures a professional finishing job. User-friendly LCD display and push button control panel with variable temperature and speed control accommodates a wide range of applications. Swing-out supply shafts simplify film loading. Ideal for use with wide-format GBC's Arctic® pressure-sensitive and Octiva® thermal films as well as GBC AccuShield®.

## Case information

Depth	0
