65” Dual Hot & Cold Laminator

65” Wide Format Roll Laminator for both thermal and pressure lamination, encapsulation as well as mounting of printed output. Economical, high quality thermal and pressure-sensitive laminating and mounting up to 5/8 inch.

HIGHLIGHTS

- **Optimized Performance** Provides high quality professional lamination needed by most full service graphics shops
- **Versatile** Excellent for laminating all types of substrates and graphics up to 65” wide
- **9 Memory Channels** Save the most often used settings into memory for quick access
- **Dual Hot/Cold** One laminator for both cold/PSA and hot/thermal lamination. Fast, simple switch-over from thermal to pressure-sensitive

The RSH-1651 is a high quality, high performance dual hot & cold laminator specifically designed for users to easily and professionally finish wide format graphics. Built for safety and ease of use, this sturdy machine is perfect for laminating and mounting graphics up to 65” wide using pressure-sensitive materials and thermal laminating films. It has a durable, sturdy frame construction and requires little assembly and minimal maintenance. Backed by 25 years of experience, the RSH-1651 is a smart option for today’s full service graphics shops.

Auto grips to secure film cores to feed and wind up rollers
