

Product Description

- **Commercial Grade 6 Roller Laminator with 2 Programmable Memory Settings**

- **Programmable Memory Settings:** Allows you to save the ideal temperature and speed for your most frequent projects.

- **6 Roller Heat System:** The 4 heated rollers + 2 cold rollers guarantee professional grade results and crystal clear lamination.

- **Auto Shutoff:** Automatically cools and shuts down the machine after usage, to prolong the life of your laminator.

- **13" and 18.9" Capacities:** The large 13" (X6 / X10) or extra large 18.9" (XL) throat allows the machine to laminate a wide array of pouch sizes.

- **Removable Cover:** Allows quick access to the roller with easy-to-remove thumb screws.

- **LCD Control Panel:** Backlit LCD display with labeled keypad makes it easy to operate.

- **Setting Guide:** Shows the recommend temperature and speed settings for different pouch thicknesses.

- **Air Cooling System:** Patented internal cooling system ensures the laminator stays cool to the touch while in use.
